

# Cyber Minutes Weekly

*"Harvested"*

# The Big One

- JP Morgan Corporate Challenge website and VPN credentials were compromised leading to a network breach
- Hackers stole the PII of 76 million household and 7 million small business accounts
- Around 60% of U.S. households were affected by this breach
- JP Morgan was only one of the 13 financial institutions to be breached in 2014
- Verizon breach report stated that 78% of all cyber espionage malware are deployed from email attachments

# Race for Credentials

- Employee's personal computer was infected with malware which compromised the credentials to VPN
- Simmco Data Systems was breached allowing attackers access to the website used to register for a corporate sponsored charity race
- Hackers obtained access to the internal network and was able to escalate privileges and take C2 of 90 servers through use of zero-day vulnerabilities
- The attackers worked within the network from April-August 2014 quietly exfiltrating data over this period of time

# BLACK FRIDAY & CYBER MONDAY

## Cybersecurity Concerns

Small businesses in the retail industry are **50% more likely** to be targeted by cybercriminals than large enterprises.

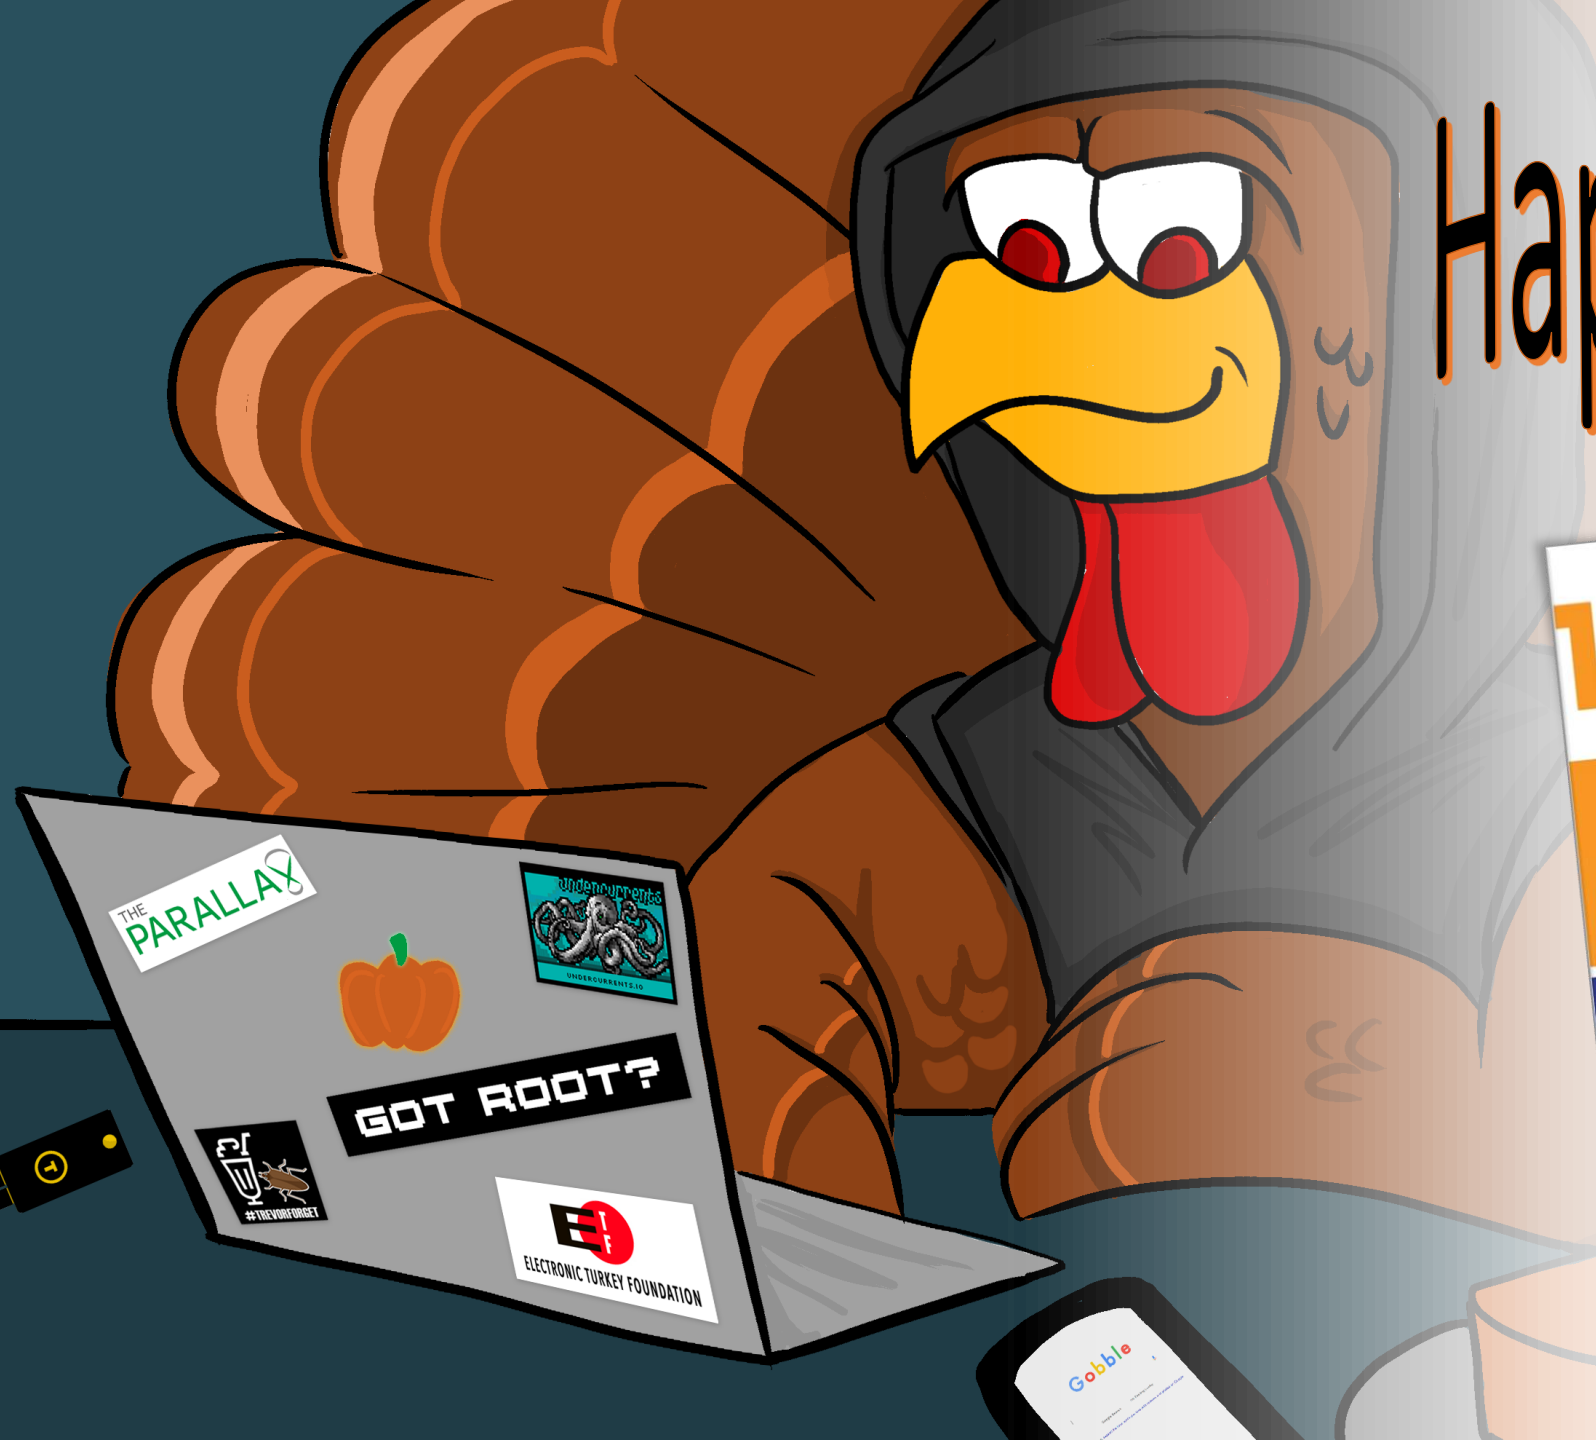

Losses from these type of online scams amount to roughly **\$6.9 billion**.

Only up to **12% of cybercrime cases** are known. The large majority go unreported.

**73% of companies** are not prepared for a cyberattack.

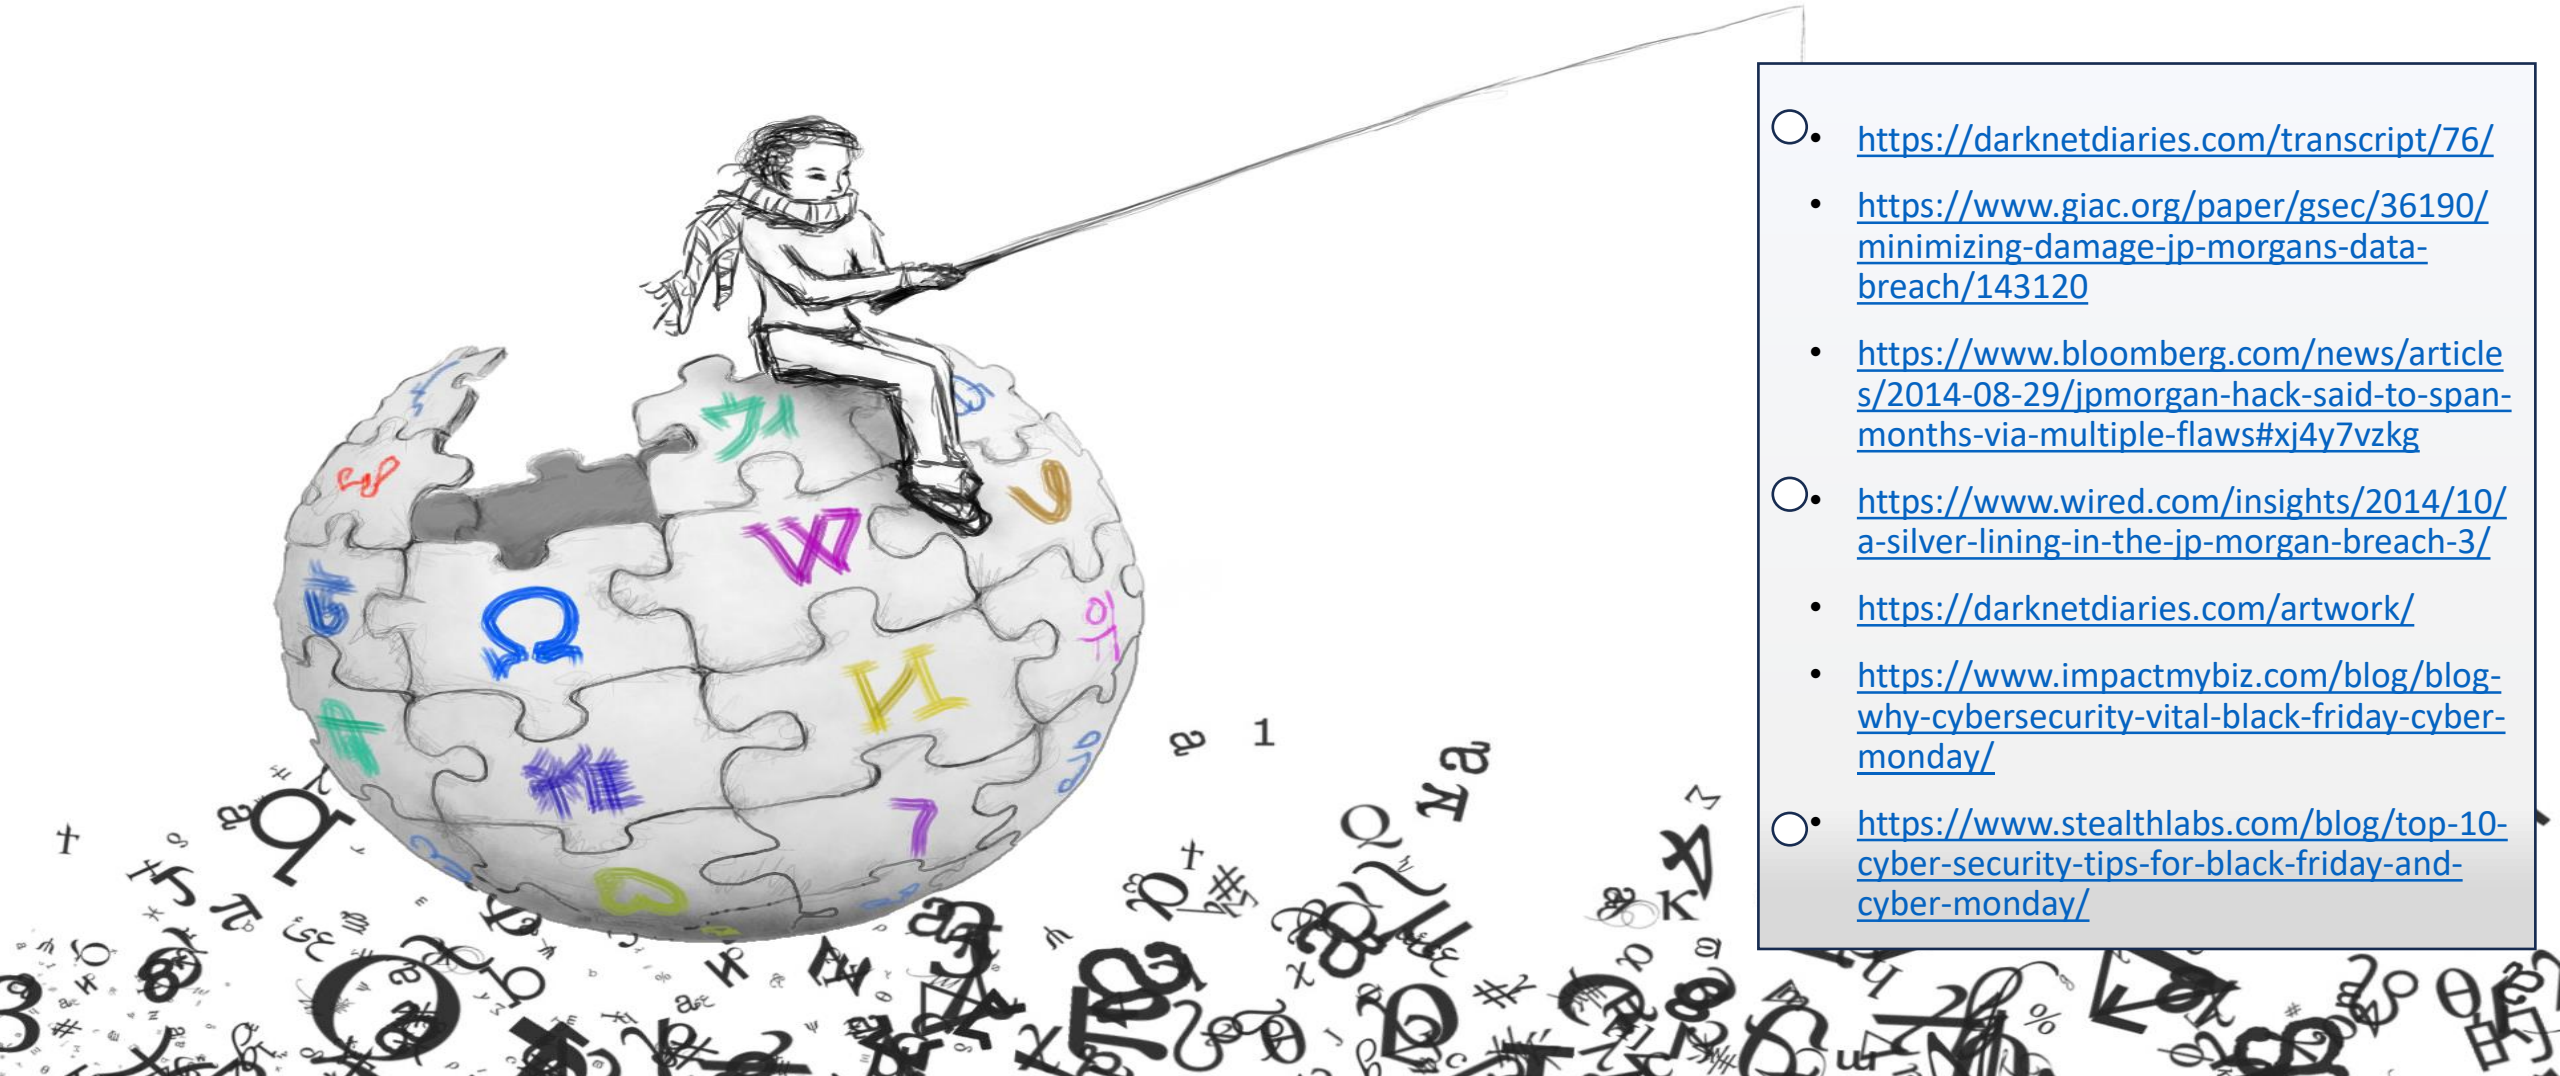

# Happy Thanksgiving
